Re: **Quarterly Status Report – Fourth Quarter 2004**
Shell-branded Service Station
3785 Santa Rosa Avenue
Santa Rosa, California
SAP Code 136096
Incident No. 98996138

Dear Mr. Ives:

This letter is provided to describe recently completed activities performed at the above referenced site in accordance with reporting requirements of the California Administrative Code Title 23 Waters, Chapter 3, Subchapter 16, Article 5, Section 2652.d.

Fourth Quarter 2004 Activities

This site is sampled semi-annually in the first and third quarters. The next sampling event is scheduled for the first quarter of 2005. Cambria Environmental Technology, Inc. continued to operate the site's remediation systems in accordance with the approved schedule.

Proposed Activities

A quarterly monitoring report will be issued documenting the first quarter 2005 groundwater sampling event and the fourth quarter 2004 and the first quarter 2005 remediation system's data.

If you have any questions, please call Mike Murphy at (707) 933-2367.

Sincerely,
Cambria Environmental Technology, Inc.

Mike Murphy
